Law on Investment

Law No. 3/93

Preamble

An awareness of the need to establish a legal framework to regulate the process of carrying out, in Mozambican territory, both national and foreign private investment undertakings, which can contribute to progress and the improvement of well-being in the country, led to the adoption of Law n° 4/84, on 18th August, and the corresponding Regulations on Direct Foreign Investment, approved by Decree n° 8/87, of 30th January.

In complement to these, Law n° 5/87 was enacted on the 19th of January, and Decree n° 7/87, of the 30th of January, approved the Regulations on the Procedures for National Investments. Through Decree n° 10/87, also of the 30th of January, the tax and customs incentives applicable to private national investments were established.

The profound changes underway throughout the world in general, and in Mozambique in particular, especially those arising from the implementation of the Economic Recovery Programme and the adoption of the new Constitution of the Republic, together with the need to adopt a more open and objective economic policy which favours greater participation, complementarity and equality of treatment of national and foreign investments, have brought about the need to revise the existing legislation regarding investment matters.

In this context, with a view to adequately adjusting and improving the legal framework on private investment matters in the country, the Assembly of the Republic, under Section 1 of Article 135 of the Constitution, determines:
